they were all downloaded using MP4 and avi but i cannot play them on my dvd player.. but it wont have all formats to convert as i required so i'm tryong this software to check whether it is having or notits free shareware, that's is important in order to use the program, i want it for watching my travel videos.

This means that users will be able to take existing video files, or copy and import video files, and quickly and easily convert them into the widely supported AVI DivX Xvid video formats.
